

ECCO 120 BD

Specification

The Ecco 120 BD motorized double portal turnstile with stainless steel drum, barrier grate, guides and feet is especially well suited for outdoor plant access control as well as for stadiums, recreation facilities and garage-to-building transitions. The housing can accommodate card readers, intercom systems or the like. The control unit is located in the side housing cabinet for easy maintenance access. The Ecco 120 BD is suitable for single or bidirectional operation, and its 120° division means high comfort with good traffic separation.
